

## **SOCIAL EMPOWERMENT THROUGH WORK EDUCATION AND ACTION (SEWA)**

### **Report on " Be a Peer, Teach a Student"**

A 35 strong contingent from the School visited the Sewa Samajam Home for orphans in Pallipattu, Adyar on 04<sup>th</sup> September, 2018. Peer Teaching is a familiar terminology amongst the students. Thus, the opportunity given to our team was tested out with the new acquaintances. Innovative peer-learning strategies was put into practice with the residents.

After having held extensive discussions with the administrators of the Home, the students visited the Home to teach the students.

After dividing the Secondary Class students into groups of 15-20, the students gave them basic Mathematics lessons with a small twist - an increased emphasis on various types of learners and Multiple Intelligences.

After an extremely enlightening one hour session, the students also invited select volunteers from amongst the residents to share their feedback. The residents marveled at these novel strategies and thanked the volunteers profusely for the exposure they had gained.

As the day culminated, the students bid farewell to their peers, their hearts content, minds racing and souls touched.
