Topic: How School Promotes Social Skills Among Students Teamwork -3 Ways

This is a report on the delightful class assembly celebration that took place in our school on 21.08.2023. It was a remarkable event where VIII - C class showcased their talents and spread awareness on the importance of developing Team Work through Social Skills throughout the school.

The theme for our class assembly is “HOW SCHOOL PROMOTES SOCIAL SKILLS AMONG STUDENTS”. This theme allowed us to explore various aspects of our curriculum, including history and creative arts. Throughout this assembly, we aimed to educate, entertain and inspire the audience.

This class assembly started with “DAV GAAN” followed by Gayatri Mantra by the choir group.

The welcome speech was given by Prabanjan. With a good start the comparing students gave a detailed introduction about the ‘The visually impaired walking stick’ which was invented by the students of VIII C and its was beautifully enacted by the students on stage. The procedure and the usage of the stick was clearly explained by them through their crital words.

The celebration continued by enacting a play based on the theme. The play was not only entertaining but also helped us understand the significant events and values associated with the theme. Following the play, the class showcased their exceptional skills in the form of their mesmerizing dance performances. The lively rhythms coordinated moves transformed the atmosphere into a kaleidoscope of colors and energy. The audience was left spell bound by the elegance and grace displayed by the dancers.

In addition to the play and the dance performances students presented audio visual presentation which depicted the journey of the school through a drama. It was the nostalgic reflection of the memories that the students have forged throughout the assembly.

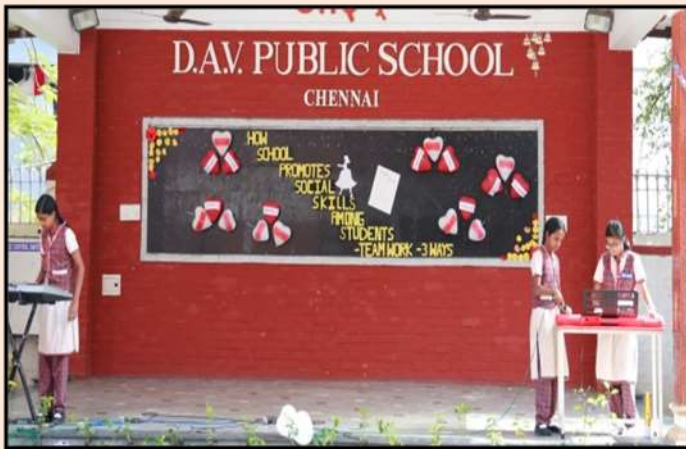

What made the class assembly celebration truly special was the unity and the cooperation exhibited by each of the students. Lastly the assembly was winded up by singing “The National Anthem” followed by Shanti Paat.
