### My Vision for India in 2047

As we all know that by 2047 India celebrate its 100th year of Independence by 2047 I want to see India freedom from unemployment, poverty, corruption etc. All children should be educated. I wish that our country became the largest economy by the world by 2047. My vision for India is peace, no crime and trustfulness. I want medical treatment to be cheaper. so that even the poorest are not left without treatment.

JAI HIND, JAI BHARAT !!!

### ungung Hero of Freedom struggle

India's Independence movement of series of historical events and sacrifices of thousands of freedom fighters. These are so many freedom fighters who played most imp role like Mahatma Gandhi, Rani Lakshmi Bai etc. Their only focus was bring independent India. We must honour their sacrifice and aim to live together in peace.

Thank you !!

### My Vision for India in 2047

- (1) India with 100% literacy.
- (2) Pollution free India.
- (3) Qualified Indian leaders.
- (4) Corruption free India.
- (5) Free medical facilities to all.
- (6) Neat and clean environment.
- (7) Poverty free India.
- (8) Leader of the world.
- (9) Double value of export than import value.
- (10) Tobacco free India.

### MY VISION FOR INDIA IN 2047

India got independence in 1947 and in 2047 India is going to celebrate its 100 years of independence on this pride moment I would like to share my vision for India in 2047.  
Food and shelter for everyone: Every Indian should enjoy food everyday and all the homeless people should have shelter by 2047.

Fit and healthy India: With the practice of regular yoga and balanced diet we can make India fit and healthy. Healthy people will make healthy country.

Educated India: By 2047 India should be the most literate country the easiest way for this is 'Each one teach one.'

Environment friendly India: My dream of India is environment friendly India. A good way to start with conserving water, driving less, walking more and

Respected Prime Minister Shri Narendra Modi ji.

I am completely optimistic and I think India will reach new heights by 2047. We celebrate 100 years of political independence in 2047. It is only 25 years away from my vision for 2047. India should be transformed into an energy-independent nation. India should become a developed country. There should be reduction in poverty and unemployment. Problems should be solved in Indian agriculture because farmers are the backbone of our country, they need our respect and not our sympathy and we will give. India must remove the problems of corruption, malnutrition and illiteracy. Our country should remain a country of secular peace and prosperity.

### Unsung Heroes of Freedom Struggle

As we know that, India's Independence movement was a series of historic events and sacrifices by thousands of freedom fighters.

There are many freedom fighters of India who contributed to independence movement but their names faded in the darkness. They were, Gusa Munda, Razu Ali Khan, Durga Bai Deshmukh, Matankin Hazra etc. who gave their today for our golden tomorrow.

### My Vision for India in 2047

By 2047, India celebrates its 100th Independence day. I want to see India free from poverty, unemployment, malnutrition, corruption and other social evils.

\* Poor children should get an education, there should be no gap between the rich and the poor, India should continue to be the land of peace, prosperity and truthfulness, our country should continue to be secular where all religions are treated equally.

\* Entire world respects and recognises the strength of India. I aspire that our country should become the largest economy in the world by 2047.  
We all should work together to achieve it in the next 25 years.

Planting more trees.  
My vision for India in 2047  
is happy and developed India.
