

Dear Parents

Greetings from the VVDAV Fraternity!

I cannot thank the amazing community of parents enough for all the cooperation in the e-learning plan implemented to meet the academic needs of students. It is your support that has actually made the Extended Remote Learning move on a fast track.

For your safety we request you to stay home and as always use the system of online payment of fees. Your timely co-operation will enable us to pay the staff.

The school does not have adequate resources and hence the appeal . The online link for fee payment has been activated for your convenience.

Just to apprise you of our philanthropic measures, every member of the staff is also contributing one day's salary to the PM Cares Fund.

Stay indoors, stay safe

Principal
