Dear Parents,

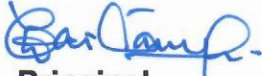

Artificial intelligence or AI is the ability of a machine to display human-like capabilities such as reasoning, learning, planning and creativity. Be it online shopping, advertising, web search, digital personal assistance, smart homes, cities and infrastructure. AI is an integral part of latest technology.

Understanding the need of the hour, school is providing Artificial Intelligence, as an optional sixth subject to the interested students.

The classes will be conducted after the normal classes, three days in a week. No charge will be levied for classes, however additional Rs 300/- will be paid as CBSE Board Examination fee for Artificial intelligence.

If your child wishes to study AI kindly fill the consent form provided below and submit to the class teacher on or before 28.06.2022. If any queries are there regarding the subject please contact the Class Teacher.

Thanking you for your continued support.

  
Principal
